

ATS/CIRA Colloquium

Eric Blake
from National
Hurricane Center

Hosted by Michael Bell

3 p.m. Thursday, November 2
ATS 101 and Zoom

Recent progress in NHC Hurricane Operations and Forecast Challenges

This presentation will discuss NHC hurricane operations during 2023, including how the hurricane specialists make the TC forecasts on a 6-hour cyclone and recent progress noted. Specific forecast challenges will be discussed, especially Hurricane Otis.
